1. CURTAIN TRACK

1.1 Lead Time

The lead time for is 1-5 working days from receipt of order.

1.2 Track Types

Our Verona (Racer type track) is available in single, double and triple track configurations for wall-fix and ceiling-fix applications.

The tracks are supplied in lengths up to 6m before having to join.

1.3 Pulley Sets

Pulley sets can be supplied for the Verona track. The following guidelines should be adhered to at all times:

- Tracks up to 3m require a standard centre opening pulley set. The control can be set up on either the left or right of the track.
- Tracks of 3m – 3.5m require a centre opening multiple pulley set. This entails controls on the left and right of the track.
- A pulley set can be set up to pull from one side of the track to the other but the total distance cannot exceed 1.75m.

2. BLACK, ANTIQUE COPPER & BRIGHT SILVER WROUGHT IRON

2.1 Lead Time

The lead time is 3-8 working days from receipt of order.

2.2 Bracket & Insert Rod Requirements

Please adhere to the following guidelines for brackets, insert rods and joiners:

25mm Wrought Iron Rods

1.0m – 1.5m 2 brackets required.

1.5m – 3.0m 3 brackets required.

3.0m – 3.5m 3 brackets and insert rod required.

3.5m – 6.0m 5 brackets required.

NB- A joiner is required for bright silver rods over 3m in length.

38mm Wrought Iron Rods

1.0m – 2.0m 2 brackets required.

2.0m – 4.0m 3 brackets required.

4.0m – 6.0m 5 brackets required.

NB- A joiner is required for bright silver rods over 3m in length.

*Please note that these guidelines are for light to medium weight curtains.
(E.g. medium weight Bull Denim).*

2.3 Bracket Types

The Wrought Iron brackets and their uses are as follows:

W0225 25mm flat bracket – standard bracket for a single 25mm diameter rod.

W0238 38mm flat bracket – standard bracket for a single 38mm diameter rod.

HB25 25mm hook bracket – extended bracket for a single 25mm rod for use in applications where one needs extra clearance. e.g. to clear a blind or trellisdoor. Recommended for curtains with eyelets.

HB38 38mm hook bracket – extended bracket for a single 38mm rod for use in applications where one needs extra clearance. E.g. to clear a blind or trellisdoor. Recommended for curtains with eyelets.

HB25D 25mm double hook bracket – standard bracket for a double 25mm rod.

HB25DX 25mm double hook bracket – an extended bracket for a double 25mm rod. Recommended for curtains with eyelets.

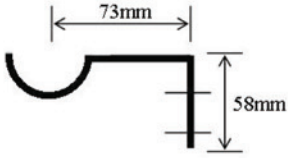

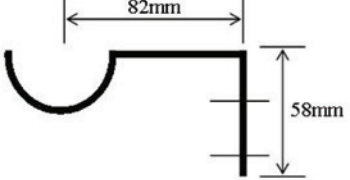

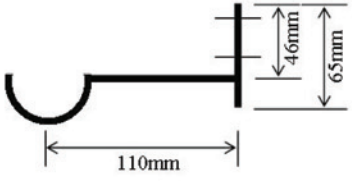

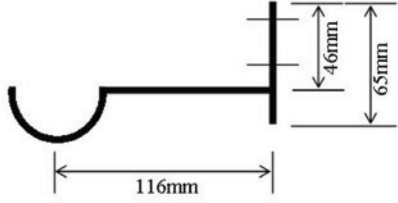

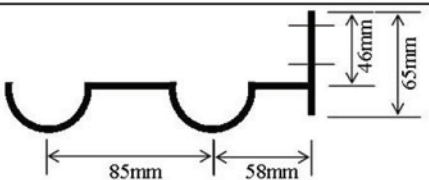

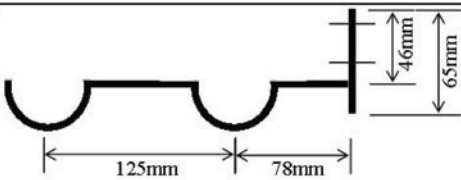

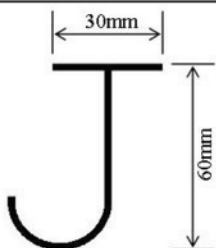

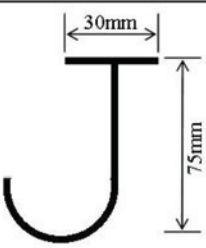

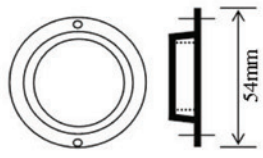

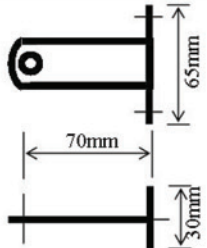

HB25C 25mm ceiling fix bracket – for applications where the bracket is to be installed on the ceiling.

HB38C 38mm ceiling fix bracket – for applications where the bracket is to be installed on the ceiling.

W021N 25mm Inside bracket – for applications where the bracket can only be attached to an adjacent wall.

DORADO PRODUCT GUIDELINES

2.6 U-arm Dimensions

2.7 Custom Colours

Custom colours e.g. gold or silver brushed over black can be done. There is a 25% surcharge for this service.

2.8 Care & Maintenance

By regularly cleaning your product you will enjoy greater longevity and preserve the product's looks. To do this, simply wipe the rods and accessories with a damp cloth or proprietary product such as Mr Min.

3. CONTEMPORARY ALUMINIUM RANGE

3.1 Lead Time

The lead time for the Contemporary Aluminium Range is 3-8 working days from receipt of order.

3.2 Weight Recommendations

The tension cable system is recommended for light weight curtaining only (e.g. Voiles etc). The rods may be used within the same guidelines as the wrought iron rods.

3.3 Bracket & Insert Rod Requirements

Please adhere to the following guidelines for brackets and insert rods:

25mm Contemporary Aluminium rods

- 1.0m – 1.5m- 2 brackets required.
- 1.5m – 3.0m- 3 brackets required.
- 3.0m – 3.5m- 3 brackets and insert rod required.
- 3.5m – 6.0m- 5 brackets required.

Contemporary Aluminium Tension Cable & Tension Cable/25mm rod combo

- 1.0m – 1.5m- no centre bracket required.
- 1.5m – 3.0m- 1 centre bracket required.
- 3.0m – 3.5m- 1 centre bracket and insert rod required.
- 3.5m – 6.0m- 3 centre brackets required.

3.4 Care & Maintenance

By regularly cleaning your product you will enjoy greater longevity and preserve the product's looks. To do this, simply wipe the rods and accessories with a damp cloth or proprietary product such as Mr Min.

4. WOODEN RODS

4.1 Lead time

The lead time for wooden rods is 8-10 working days from receipt of order.

4.2 Available lengths

The rods are available in a single length up to the following sizes:

34mm diameter full round rods – 3m
50mm diameter full round rods – 3.5m
60mm diameter full round rods – 3.5m
64mm diameter rebate rods – 3.5m
64mm diameter half round rods – 3.5m
90mm diameter half round rods – 3.5m

The 64mm and 90mm diameter rods are available with smooth or fluted profiles.
All the other rods are available only with smooth profiles.

4.3 Bracket requirements

The bracket requirements for the rods are as follows:

34mm, 50mm and 60mm full round rods – brackets to be ordered separately and are not included in the price of the rod. Rings can only be used with 34mm & 50mm rods.
(Same bracket requirements as for 38mm wrought iron rods)

64mm rebate rod – Used in conjunction with the Verona curtain track and mounted to the track brackets. The track and brackets are not included in the price of the rod.

Half round rods – brackets are supplied as part of the package and are included in the cost of the rod.

4.4 Mitred rods

We will always assume that the measurements supplied are the exact wall measurements unless instructed otherwise. We will always make the necessary deductions.

We do not advise the use of wooden rods for a bay window as the track cannot be bent and successfully attached to the back of the rod as it usually is.

4.5 Custom colours

A charge of R114 including v.a.t. will be charged for a solid colour from the Dulux or

DORADO PRODUCT GUIDELINES

Plascon colour ranges. When originating a custom colour or matching to an existing colour, paint effect or wood stain, a charge of R285 including v.a.t. will be levied.
